Looks like McCarthy took several small trips after the 16 election.

You all are the best! Thank you!

One more request: can we pull or do you recall other post-election travel by EPA Administrators over the past several administrations?

This was a GovTrip voucher, so we don't have the actual voucher, just the line details and the receipts. AO may still have a copy of the paper voucher, but this trip is past the records retention, so they may have purged it.

Due to this trip being in the retired system, I have no way to see who accompanied her on this trip. Again, AO may have this information, but is it possible that they purged it as well.

Thanks,
Khary

Good morning,

The *New York Times* has given the agency until noon to respond to a story regarding upcoming travel by the Administrator to Taiwan. I'm sorry for the fire drill, but can we pull the expense Administrator McCarthy spent on her travel to Taiwan in 2014, along with the number of travelers in the party by 11:40? Specifically, the cost of flights and how she traveled.

I know it's really short notice, so if you all can send things along as we get them, we'll just take what we can get in that window.

Many thanks,
Paige
